Physical Education Overview

Welcome to another year of Bay Elementary PE. PE class will be two days a week and each class will be 45 minutes in length. The focus of instruction will be for your student to work on developing their overall gross motor skills. This includes movement skills, sports skills, improving physical fitness levels, and engaging in cooperative motor games and activities both individually, in partnership, and with groups of their peers.

Our goal as your child's PE instructor is to help them develop the tools necessary to lead a physically active and healthy lifestyle. Please help in supporting them this year by carefully reviewing this pamphlet with them. If you should ever need to contact a PE coach, we can be reached via district email at:

2. ***Refocus Sit***: Student is removed from activity after continued inability to follow Student Expectations and is asked to refocus before they are allowed to re-enter back into activity.
3. ***Referral to Office***- Student is sent to office.
